Kauno kolegijos virtuali biblioteka

Tai informacijos šaltinių paieškos sistema, veikianti vieno langelio principu ir galinti pateikti paieškos rezultatus iš įvairių išteklių: kolegijos bibliotekos katalogo, kolegijos institucinės talpyklos, kolegijos publikacijų duomenų bazės, prenumeruojamų duomenų bazių ir atvirosios prieigos išteklių.

Informacijos paiešką galima atlikti visuose ištekliuose arba pasirinkti kurį nors vieną reikiamą išteklių (pvz. bibliotekos katalogą). Viršutiniame meniu galima pasirinkti naršyti žurnalų pavadinimuose, vartotojų sukurtose žymėse ar kituose sąrašuose, ieškoti laikraščių straipsnių. Surastus paieškos rezultatus galima atsirinkti pagal reikiamą laikotarpį, šaltinių rūšis, prieinamumą ir kita. Surastų šaltinių įrašus galima išsisaugoti, cituoti (gauti aprašo kopiją literatūros sąrašui pagal APA taisykles) ir kt.

Virtuali biblioteka yra susieta su bibliotekos interaktyviu žemėlapiu. Suradę bibliotekos knygą ir spragtelėję žemėlapiu ikoną, atsivėrusiame žemėlapyje matysite lentyną, kurioje padėta ieškoma knyga.

Understand the Book's Call Number

The book's call number is a combination of numbers and letters that indicates the book's subject and its location on the shelves. It is written in the Virtual Library and on the book itself. The subject number is written on the shelf and on shelf tabs.

Don't Get Lost Among the Shelves

Books on the shelves are arranged according to the Universal Decimal Classification (UDC) into 10 thematic sections, and within them, into subsections.

In the thematic subsections, books are first organized in Lithuanian, followed by foreign languages, and then textbooks.

Within the subsections, books are arranged in alphabetical order by the author's mark or signature.

Select the Books You Need

- Look not only at book titles but also at their content. A narrower topic may be in a broader-themed book.
- The book you need may not be on the shelf but available in an electronic format in the database.
- A similar-themed book may be in a different thematic section.

Please do not re-shelve books that you have read or browsed independently, as the library tracks their usage. If you do not borrow books for home use, place them in boxes provided next to the shelves.

Return Books on Time

- Books can be borrowed for a week, month or semester. Books return it at the time specified in your account, because if you are late you will have to pay overdue fee.
- If you still need the books, you can extend the return period in your account. You will not be able to renew: books issued for the semester, when you are late in returning the books, when the books have been ordered by other readers.
- The library sends reminders by email, but you are responsible for returning books on time.
- Return books using the self-service device in the library, or if the library is not open, drop them in the book return box at the entrance of the library on the second floor.

Learn how to extend the book return period by watching the video.

Don't be in Debt

Overdue fee is charged for books borrowed and not returned on time:

- the amount of the overdue fee is 1 euro cent for each book, on each late working day of the library.

First, ask how much you need to pay, because:

- overdue fee does not have to be paid until it exceeds 2 euros;
- the library has a set maximum amount of late interest and may sometimes pay less than calculated.

If you have more than 2 euros of unpaid late fees, when returning the books, the library system will not allow you to extend the deadline for returning the books you have and will block the borrowing of other books. After paying the late fees, you will be able to borrow books again.

Where to print?

Printing services are provided by the Advertising and Media Center (Pramones Ave. 20, 1st floor, room 1-96 or room 1-97), which is open on weekdays from 8 a.m. to 4:30 p.m.

Alternatively, you can print it yourself using the self-service device in the Study Center (Pramones Ave. 22A, 4th floor, room 402).

The library does not provide printing services.

Be ethical

The library spaces are beautiful, open to all and permeable to sound.

Respect others' need to focus and study. Follow the etiquette and library rules, don't talk loudly, listen to recordings with headphones, don't eat, hang your coat or jacket on hangers, don't put backpacks and handbags on the tables.

When studying, conducting research, writing study or research papers, using the works of other authors, observe the principles of academic ethics and copyright provisions. This will help your successful studies!

WE ARE WAITING FOR YOU IN THE LIBRARY!
